

November 3, 2010

End of General Availability for Primavera P3 and Primavera SureTrak

Effective December 31, 2010, Primavera P3 Project Planner and Primavera SureTrak will be removed from the Oracle Primavera Price List and will no longer be available for sale. The alternatives for customers seeking a desktop project management product are Primavera P6 Professional Project Management and Primavera Contractor. There is no planned end date for general availability of Primavera Contractor.

Oracle is committed to providing indefinite sustaining support for both P3 and SureTrak, as documented in the Oracle Applications Lifetime Support policy. For a definition of Sustaining Support and the other levels of Support available for Oracle products reference this link:

<http://www.oracle.com/us/support/lifetime-support/index.html>

Customers may also receive replacement media for their existing licenses of P3 and SureTrak, if their disks are lost or become damaged. Requests for replacement media should be direct to the Support team.

For additional details regarding support expiration dates for Primavera products please reference the [Lifetime Support Policy: Oracle Applications \(PDF\)](#).

Sincerely,

Primavera Product Strategy
